

About Laguna Beach Resort

Laguna Beach Resort is an exclusive diving, fishing and beach getaway, located on Utila, the smallest and most unspoiled of the Bay Islands of Honduras.

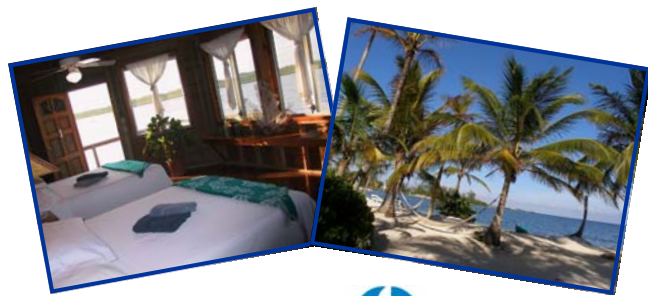

This elegantly designed property is set on a palm fringed peninsula dividing a tranquil mangrove lagoon and the warm Caribbean Sea.

The resort's beautiful bungalow-style accommodations are nestled on the lagoons edge, for a perfect view of Utila's tropical sunset.

Utila is a divers paradise! The island sits on top of the world's second largest coral reef and the outer banks are home to dolphin and more than the occasional whale shark. You will enjoy boat diving each day, plus unlimited shore diving at Laguna Beach's great house reef which is located just 150 yards from shore.

When you aren't diving, you can enjoy horseback riding, kayaking, snorkeling or you can just lounge around the incredible 68 ft. swimming pool.

Join Kids Sea Camp at Laguna Beach Resort where nature abounds. We are looking forward to diving with
